The double rooms may also be booked for single occupancy.

All of our rooms are equipped with:

- Flat-screen TV and satellite reception,
- Free wireless internet,
- Telephone.

DINING & WINE-TASTING

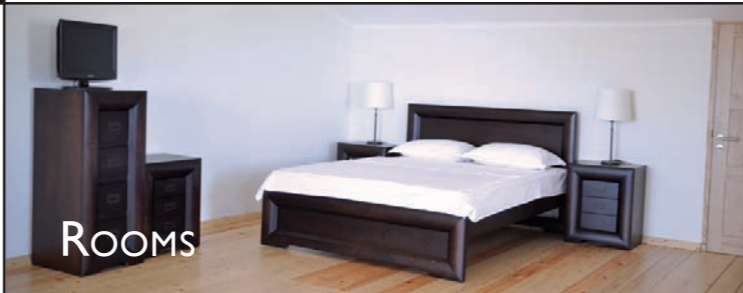

KISISKHEVI

The Château in Kisiskhevi is part of our vineyard, nestled within delightful surroundings with a view of the Caucasus. Georgia is the oldest wine-growing country in the world and region of origin for all grapevines cultivated.

The Schuchmann Wines Château boasts eight modern guestrooms, a restaurant and a wine-tasting room. The ideal setting for a relaxing holiday.

Enjoy the stunning view over the snow-capped Caucasus mountain range.

ROOMS

Our bathrooms are fitted with a shower, WC, bidet and hairdryer.

Our hotel chef is looking forward to treating you to culinary delights from the local region in our new restaurant. In our wine cellar you will find the perfect wine to accompany your meal and you are welcome to try our wines in a private wine-tasting session.

Are you looking for an event location with a unique atmosphere for private or business occasions? Here too we can be of service. Our conference room can accommodate up to one hundred people. We can arrange the room to your requirements to suit the particular occasion.

After a journey along bumpy and dusty country roads, in Kisiskhevi travellers can delight in the hospitality of the local people and enjoy Georgia's wines over a meal of grilled meat. Open yourself up to the picturesque landscape and magnificent colours of our natural scenery. Upon request, we are happy to arrange transfers from the airport to the vineyard and back, as well as guided tours through the beautiful region of Kakheti, hunting trips and much more.
